EDUCATION

THE UNIVERSITY OF TEXAS AT DALLAS

B.A. Arts, Technology, and Emerging Communication

Richardson, TX

Dec 2025

WORK EXPERIENCE

SELF-EMPLOYED

Dallas, TX

Frontend Developer, UI/UX Designer, and Graphic Designer

May 2023 – Present

- Created responsive websites and progressive web applications that are designed to look good on any device or screen size.
- Used frameworks like React, Next.js, Vue, and Svelte to create dynamic web components.
- Implemented best practices for security, search engine optimization, image caching, and accessibility.

INTERNATIONAL BUSINESS MACHINES (IBM)

Carrollton, TX

Data Center Specialist

Dec 2022 – June 2023

- Worked in IBM's DAL13 Cyrus One data center, one of the most active data centers in the world.
- Racked, built, cabled, configured, and provisioned Intel servers, AMD servers, and Cisco Layer 2 networking equipment.
- Troubleshoot and quality tested server hardware.

RESURRECTION EPISCOPAL CHURCH

Plano, TX

Director of Communications

Feb 2019 – Jul 2021

- Increased total yearly congregation growth by 10% by designing and developing websites and mobile applications for online outreach.
- Created newsletters, bulletins, graphics, and promotional videos that were sent out to hundreds of congregation members, members of the Episcopal Diocese of Dallas, and local residents.
- Created social media campaigns to promote church initiatives across various platforms.

PROJECTS

WEB RESUME BUILDER

<https://rynstwr17.github.io/WebResumeBuilder>

- A web app to create an ATS-friendly résumé online for free.
- Created using Svelte, Vite, and TailwindCSS.

EDITOR-PER-REPO

<https://github.com/rynstwr17/EditorPerRepoElectron>

- An electron application to allow different editors for different repositories when using GitHub Desktop's editor integration feature.

DOMAINDISSIDENCE

<https://domaindissidence.online>

- Allows users to easily generate a website online to encourage boycotts of problematic companies without requiring any programming knowledge.
- The generated website markets itself as a coupon-finding website for specific brands or companies, but redirects to a list of grievances against the company with a call to action when redeeming a coupon is attempted.
- Created using Vue, Vite, and Docker.

CERTIFICATIONS
